## Tagline

Delivers Cleaner Air So You Can Trust The Air You Breathe.

## Catalogue Copy

All-in-one filter system combines HEPA with activated carbon and a separate washable prefilter. This combination filter has been engineered to capture microscopic particles, allergens and volatile organic components (VOC#s), and odourous gases.

## Features and Benefits

- The filter is at the core of purifying your air. Filter replacement is essential for your purifier to perform at its best.
- 360 degree filtration draws air from all directions, collecting pollutants that may affect allergies
- Washable prefilter offers the first level of defense against dust and pet hair. Handwash as needed.
- Carbon filter captures odours and certain gasses. Replace every 3 months.
- HEPA Type filter removes pollutants as small as 0.3microns
- Change indicator light is displayed on your air purifier when filters need to be replaced.
- Compatible with TruSens Z2000 air purifier.
