The ClickSafe® 2.0 Universal Keyed Laptop Lock fits any laptop security slot including standard T-bar, nano, or wedge-shaped to lock down your laptop, regardless of brand or generation

Features and Benefits

- A master keying option and custom keying solutions allow you to have one key open all locks, and create supervisor-keyed and like-keyed versions
- One lock for any slot; fits standard T-bar, nano, or wedge-shaped laptop security slots
- 5mm keying system is common across all of Kensington's latest locks
- ClickSafe® locking technology allows the lock head to be attached with one hand in a single click
- Patented anti-pick Hidden Pin technology resists tampering and offers peace-of-mind
- 1.8m (6 ft.) carbon steel cable with plastic sheath delivers high level of cut and theft protection
- A special pivot and rotate hinge on the cable allows flexible movement and easy key insertion
- A five-year warranty means you can rest assured knowing you're covered by Kensington
