Cleaner air where it counts. TruSens Performance Series Air Purifier with powerful Clean Air Delivery Rate (CADR) performance improves indoor air quality in large professional spaces. Provide peace of mind to your employees, patients, and students.Â

Features and Benefits

- TruSens Performance Series Z-7000 Air Purifiers are recommended for spaces up to 186 sq m at 2 air changes per hour (ACH).
- Clean Air Delivery Rate (CADR) value of 930 m3 per hr is ideal for large professional spaces.
- The TRU-BEAM UV-C system provides exceptional coverage of the True HEPA filter.
- Dual-sided True HEPA filters with Activated Carbon granules and a durable mesh pre-filter.
- Filters to last at least 1 year, operating 12 hours per day, under typical operating conditions.Â
- No electrical installation or wall mounting required.
- Casters make it easy to move the air purifier from one area to another.
- Know your air quality with enhanced SensorPod and the air quality display.
- SensorPod measures PM1.0, PM2.5, PM10 and VOCs in the air, communicating readings back to the Z7000.
- Refurbished model may contain aesthetic defects that do not change performance
